

Iron County Register

E. D. AKE, EDITOR.

VOLUME XXIII. NUMBER 48.
IRONTON, : : JUNE 5, 1890.

Announcement—State Senator.

We are authorized to announce Hon. THOS. D. FERGUSON as a candidate for State Senator of the 24th Senatorial District—subject to the decision of the Democratic Senatorial Convention.

OUR PLATFORM.

Unalterable opposition to the policy of Public Favoritism to Private Industries by Tariff Taxation—commonly called the Republican Policy of Protection.

The Star Dramatic Company from Cape Girardeau busted to atoms last week. It was ill-starred from the beginning.

The Herald is a new paper at Puxico, Mo., whose first number was issued last week, by A. J. Throver. It is a six-column folio, neatly printed and newsy.

The Newberry forces captured Wayne county last Saturday, and settled the contest for State Senator. The remainder of the proceedings in the 24th district will be merely pro forma.

The Noland defalcation has been paid by his bondsmen, in full, with interest from last March. This is a harrowing news to our Republican friends, but we must print it, all the same.

"Big Jude," a negro weighing over 600 pounds, died and was buried in New Madrid county last week. Her coffin was six feet long, twenty-one inches broad, and twenty-four inches deep. It took sixteen pallbearers to place the body in the vehicle which carried it to the grave.

The Old Bandanna will be dropping about again pretty soon. But the stars and stripes are good enough for patriotic men.—Hillsboro Mirror.

Yes, the land swarms with "patriots" these days who believe in "the old flag and a pension." But for Heaven's sake, Bro. Wilson, don't be so prodigal of your n's!

Says Bro. Jones, of the Malden Clipper:

For one week's work at Aberdeen, Miss., Sam Jones cleared \$2,000. He receives more money than some other "Jones."

Yes; and, besides he's almost canonized and worshipped by a lot of novelty-seeking men and women, because of his slinging slang from the pulpit.

Has "Jimmy" Walker been giving you a "hand out," Mr. Ake?—Cape Girardeau Democrat.

No, sir! The editorial department of the REGISTER is not, and never was, conducted on the plan of the Cape Girardeau newspaper. It has nothing to do with "hand-outs" or "take-ins." Is it the want of a "hand-out" that's ailing you, Bro. Adams?

According to the Thayer New Era, the boys near the Arkansas line have lots of fun on excursions. Listen:

Last Friday, the day of the excursion, was a bad day for fighting. Ben Elder was shot near Mammoth Spring, Station Agent Moran was stabbed three times at Hoxie, Ark., by a man who he had discharged and a man killed another man with a lick from his fist at Marked Tree, Ark. Agent Moran will probably die.

The St. Louis Monitor is a professed "farmers' and laborers' paper," published by Will Crittenden Thornton—a fine sort of part-his-name-in-the-middle dude to represent the labor and agricultural interests! Mr. Thornton says:

The two old parties stand on exactly the same ground on the money question, and they are both for the money sharks and against the people.

Scratch Mr. Will Crittenden Thornton skin-deep, and we'll bet our last shek-i you will find a true-blue Republican—robber tariff, bloody shirt, and all.

Speaking of the rumor put in circulation in this county to the effect that Mr. T. D. Ferguson was not favorable to the re-election of Senator Vest, the Poplar Bluff Advocate says:

Inasmuch as Mr. Ferguson is a member of the Vest Club in St. Louis, a close personal friend of Mr. Vest himself, and one of the strongest Vest men in the State, the circulation of such a rumor must necessarily be malicious, and for purely selfish political reasons. We are reliably informed that Newberry and his few supporters in Carter county, circulated the same thing there and would have euehered Mr. Ferguson out of the county but for his prompt and timely intervention.

The Washington correspondent to the St. Louis Republic, deals Hon. Jas. P. Walker the following deserved compliment:

"During the debate last night Mr. Walker of Missouri made a splendid speech. Mr. Walker is one of the quiet members of the House. He has already established a reputation as a hard worker in the committees and as an influential member of the floor, but last night he demonstrated that he was able to take care of himself in general debate. His tariff speech is praised all around, both by Republicans and Democratic members, and to-day he was the recipient of much congratulation from members on both sides of the House."

For "gall" the following extract from Light-Weight Kinsey's speech on the McKinley bill, cannot be excelled. Every essential statement in it is false, and Mr. Kinsey knows it to be so:

The great Crystal Plate Glass Works in Missouri is a notable example of a magnificent industry that has been absolutely created by the protective system. Its superintendent said to me in all candor, "If our men were paid only the same wages that are paid for like service in Europe, we would have no need of a protective tariff; it is a question of wages only, so far as we are concerned."

An officer of the great St. Joe Lead Company, which is also in my district, said: "If you will give us wages at 75 cents a day, you may take the tariff off lead and we can compete with the world." The wages paid by both these companies to their employees is about three times as much per day, on the average, as is paid for like service in Europe. So, Mr. Chairman, the tariff is a question of wages, after all.

The truth is, many workmen at St. Joe get no more than a dollar a day, but the Company declares twenty-five per cent. annual dividends.

A resolution has been introduced, into the lower house of Congress by Representative Keer, asking for an investigation of the charge that James Campbell imported English glass-blowers into Pennsylvania, in violation of the law prohibiting the importation of contract laborers into this country. The Bellefonte Watchman says: "Campbell is the fellow whose name figured in the recent controversy in the House between Democratic members Bynum and Wilson and Republican member Bayne. He is one of the tariff shriekers that clamor for high tariff duties to protect American labor, yet he is directly charged with subjecting that labor to the competition of cheap European workmen whom he was instrumental in bringing into the country. It is well that he should be ventilated, but it is not likely that a congress that is being run in the interest of monopoly will be disposed to investigate Campbell's case, and in all probability Mr. Keer's resolution will be tabled."

The vocal organs are strengthened by the use of Ayer's Cherry Pectoral. Clergymen, lawyers, singers, actors, and public speakers find this preparation the most effective remedy for irritation and weakness of the throat and lungs, and for all affections of the vocal organs.

PRIMARY ELECTION.

At a meeting of the Iron County Democratic Executive Committee, at Ironton, on Monday, April 28th, 1890.

On motion, it was ordered that a Primary Election be held on Saturday, August 2d, 1890, to nominate candidates for the various county offices, and the following rules were adopted to govern the same:

The judges and clerks of election will be sworn to not violate the secrecy of the ballot; and the former to take charge of the ballots and poll-books and cause them to be safely delivered at the county seat to the Chairman of the Executive Committee.

Judges will not permit illegal voting, and in cases of doubt they will cause the voter to be sworn.

No voter will be permitted to cast his ballot at any other than his home precinct. Judges will see this rule strictly enforced.

Only Democrats and those who will in good faith pledge themselves to support the Democratic ticket so nominated, will be permitted to vote at this election—the judges of election to determine their eligibility in this respect.

Candidates for county offices will be charged a fee of \$5.00, and for township offices, \$2.50—the fee to be paid before the candidate's name can be put on the ticket. Provided, that an additional assessment will be made if found necessary.

The usual fees will be paid judges, clerks and messengers.

The following named persons were then chosen to serve as judges of election at the various precincts—the judges being empowered to select their clerks, two at each poll:

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla. Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alternative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I can say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and can testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.
